Steam cleaner designed specifically for the healthcare sector:

- It allows to perform a thorough cleaning and sanitization of all critical surfaces within hospitals, aged care facilities, medical, dental and veterinary practices.
- Equipped with a stainless-steel boiler able to deliver dry saturated steam at 165° C with 6 bar pressure and with an internal tank for a continuous water feed.
- Its ergonomic and compact structure makes it possible to access even narrow spaces.
- Equipped with cable holder and anti-scratch 360° swivel front wheels.
