

Steam Power Plus

Steam cleaner with stainless-steel body and boiler, designed for industrial use and able to deliver dry saturated steam at 183° C and high-pressure water up to 150 bar. Equipped with a wet&dry vacuum cleaner and an induction turbine. A sturdy structure, a fully electric operation and the compact size allows a usage in any environment, both outdoors (watertight protection IPX5) and indoors (e.g. in production lines).

All steam cleaner functions can be managed on the electronic control panel.
